HEADQUARTERS CITY TROOPS, Puebla, Mexico, January 11, 1848,

DEAR SIR :- Enclosed, I have the honor to transmit, under the instruction of Col. Gorman, a return of the non-commissioned officers, musicians and privates, who have deserted from the 4th Indiana regiment

It is thought more in conformity with the spirit of "Army Regulations" to send their names to you for publication in the State papers, than to the recruiting office in New York. Col. Gorman regrets the necessity for the performance of this duty, and unwilling to do injustice to any English steamer which arrived at Cat Island on the ling per bri on Flour, 3 shillings per bri in Corn Meal, and 2s | who may have considered themselves authorized in leaving the regiment, or who may have been prevented from rejoining by circumstances beyond their control-has instructed me to state the following facts: Sergeant Warren Oldham, of company A., who had been in bad health, was in possession of a "Surgeom's certificate" calling for a discharge, but had not been discharged by the Colonel, nor the commanding General. William Wallace, of the same company, though refused permission to leave, had the countrifore the steamer sailed, with dates from the city of Mexico to the 13th.

The Columbian Magazine, for 1848, edited by John In-MAN and ROBERT A. WEST. A repository of the choicest American literature, entirely original, and of the most custly original embellishments. THE Columbian Magazine enters upon a new year with prospects increasingly bright and promising. It has attained a proud position in the public estimation. The press universally, and with a generous kindness which the proprietor greatfully acknowledges, has borne testimony to the superiority of its literature and the profusion and elegance of its embellishments; while its immense and constantly increasing circulation, shows that the press has but uttered the general sentiment, and affords such agreeable evidence that it has met the

expectation of all, that it seems to the publisher almost unnecessary to It cannot be necessary to say much of the conduct of the literary department of the Columbian. The gentlemen who have so long and satisfactorily discharged that duty, continue their efficient services, and the Publisher is happy to announce that he has made arrangements with several of the most distinguished writers in this country, whose regular contributions will enrich the Magazine; while, as heretofore, the merit of an article, quite as much as the fame of its wilter, will be the passport to its pages. Elevated sentiment and pure morality will distinguish all the literature of the Columbian Magazine. The paper on which the Columbian will hereafter be printed is manufactured expressly for the purpose, by one of the largest and most highly esteemed makers in the Union, and the typography will be of proportionate neatness and elegance.

The Publishers respectfully solicits from authors, artists, subscribers NOTICE is hereby given, that the sales of the lands in the Miami cessions, in Indiana, ordered by proclamation of the Pre- awarded the Magazine. BRAGG'S INDIAN QUEEN VEGETA-BLE SUGAR COATED PILLS, EDEMAINING in the Post Office at In dianapolis, Indiana, on

The Great Popular Medicine Of the day---Vast amount used per month---The numerous and Wonderful Cures it effects--- Its Magical Effect upon Bilious Fevers, and Fever and Ague--- Great Excitement among the Doctors!

THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS are now admitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon Bilious and Typhus Fevers, Chilis and Fever, and Fever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impulity of the blood, and all diseases prevalent in a western and outhern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this wes the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; pen-trating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of tife. The extensive popularity they have acquired allover the west and south, ensures sales of at least

50,000 Boxes per Month, And we find it difficult, with our large force of honos, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less than 10,000 cases of Fever and Ague, one thousand of which have resisted all other treatment;

4,500 cases of Billions Fever ; 5,300 do of weakness and general debility; 2,500 do of various chronic diseases; 2,000 do of weak stomach and loss of appetite; 800 do of Dyspepsia; 1,200 do of Rheumatism

1,000 do of Female complaints; 1,200 do of Ague Cake, or Enlarged Spleen; 1,500 do of Liver Complaint 500 do of Scarlet Fever; 400 do of Typhus Fever; 300 do of Putrid Sore Throat. This must appear almost incredible, but the numerous letters. from physicians, agents, and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the place of the various augar-coated counterfeits which are affout, and the numerous tonic mixtures, made wholly of quantie, which are imposed upon the public by manufacturers who live, nobody knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Pills are of two kinds-the Cathartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, torpor of the Liver, and general debility. It is in Fever and Ague, Chill Fever, &c., that they achieve their greatest triumphs, Smock John Samuel It rarely requires over twelve hours; or more than half a box of

TELEGRAPH. About a thousand miles long-from Cincinnati via Chicago to St. Louis-also to Toledo and Detroit, N addition to the two thousand miles of Telegraph already constructed on the "Atlantic, Lake and Mississippi Range," four thousand miles on or before the next fourth of July.

and all of which will be in operation this winter, the undersigned has now engaged in the construction of other lines (like that to New Orleans,) which will swell the aggregate probably to nearly Under the recent law of the State of Indiana, authorizing any five or more persons to associate as a corporation for constructing and managing Telegraphic lines through the State of Indiana, or to and from any point in that State to say point on the Ohio, the Lukes and the Vississippi, sundry citizens in Indiana, in connexion with the undersigned, have formed a company, endowed with all the corporate powers conferred by the Indiana law of the 14th February, 1848, for the purpose of constructing and managing a line of Telegraph, connecting telegraphically seve ral States of the American Union, under the name of the Olato, Indiana and Idinois Telegraph Company,"-with power to construct and manage Telegraphic lines between Michigan City and Dayton or Cincianati, and between Michigan City (via Chicago or Milwaukie) and st. Louis-with connecting lines from Vincennes via Terre Haute to Indianapolis, and from Michigan City or other point, to Toledo or Detroit-forming a line or combination of lines of about one thousand miles long-connecting impor ant regions in almost instantaneous intercourse, by means of the best Telegraphic ystems devised by American ingenuity. The subscribers for the construction of any portion of said line or combination of Young Rev Wm Mrs lines, to share equally in the profits of the whole range of Telegraph embraces within purview of the incorporation of the aforesaid "Ohio, Indiana and Illinois Telegraph Company,"-it being understood that all the subscribers for the Cincinnati, Indianapohis and Chicago Telegraph, and for the St. Louis, Alton and Chicago Telegraph, shall be entitled to participate in all the advantages and profits of this General Company, and consequently entied to receive certificates in the said "Ohio, Indiana and Illinois Telegraph Company," in lieu of the certificates now held by them in the aforesaid lines south-eastward and south-westward of Mich-

It is understood, that the terms of subscription or ownership in

the General Line known as the "Obio, Indiana and Illinois Teleny, such be precisely the same as in cit of the lines wow in process of construction from Lake Michigan south-eastward towards Cincinnati and south-westward towards St. Louis-in no way changing the relations between the subscribees for either end of the line; except so far as to embrace them all as equal participators in the benefits of a line more extended and advantageous than was originally contemplated in the project for either portion of the line; and also to unite them all moder the protection of one common corporation-freeing the subscribers from hal flity beyond the amount of their subscriptions, and furnishing all the protection which law can throw around propery employed for puplic purposes like the Telegraph. The holders of certificates issued for the construction of a line from St. Louis to Milwaukie, Chicago or Michigan City, and for the construction of a line from Cincinnati or Dayton to Michigan City, Chicago or slilwaukie, will therefore be entitled to receive, in lieu of those certificates, other certificates of ownership in the corporation now created under the name of the "Chio, Indiana and Illinois Telegraph Company," as soon as the said last mentioned Company shall be fully organized, under the law alluded to at the commencement of this circular. The Hon. John Law, one of the Judges of the State; the Hon, Abner T. Ellis, one of the State Senators; and John Ross, cashier of the State tank of Indiana at Vincennes, are among those who were associated with the subscriper in signing and filing the requisite document for the incorporation of the said "Ohio, In liana and Iffinois Telegraph Company." This explanation is made for the information of all interestedthe prevalent sentiment of the subscribers, as lar as can be ascertained, being decidedly favorable to an organization under the law authorizing Telegraphic corporations in the manner above mentioned. The line from Michigan City to Cincinnati has the posts mostly up to the present connecting point at Dayton. The constructing party will immediately turn back and put up the wire conductor to Chicago-while arrangements for the work on the outle-western end of the line (from St. Louis and Alton, via Springfield and Peorl, to Milwaukie, Clucago or Michigan City.) are being prosecuted with a degree of energy that insures the completion of the whole line of nearly a thousand miles at an eary period-contonant with the speed which has generally characterized the construction of the lines erected by the subscriber. When completed and in full operation-in tull connection with all the other lines of the 'Atlantic, Lake and Mississippi Range,'-tie extended line of the "Ohio, Indiana and Illinois Telegraph." traversing and connecting some of the richest regions in the world, will be found to rank among the most productive and satisfactor lines in existence. Cincinnati, Feb. 22, 1848. 86-2wis TEACHER WANTED. WHE Principal of the Franklin County Seminary having received and accepted an appointment as Professor to St. John's College and Cincinnati Classical Academy, the Trustees are destrous of procuring the services of a gentleman competent to take charge of the Institution. The Seminary is located in Brookville, Franklin county, Indiana, and is now in a most prosperous condition. After strengous efforts it has 'een raised above an ordinary district school; and out of a large number of scholars there are none under ten years of age, and all advanced beyond the mere elementary branches of an education; and it is the determination of the Trustees to preserve this teature of the Institution. No salary is given-the Teacher relying entirely on the patronage of the school for that. The terms of tuition are from three to five dollars per session of fourteen weeks, according to the studies oursaed by the pupil. The building is now in complete repair, having een recently fitted up at considerable expense with single seats and desks, and other improvements, and will be kept in repair by the Truslees. The present session will expire on the 8th of March, and the next will commence on the 10th day of April next. A: plication for the situation, accompanied by the necessary testimonials, must be forwarded to the subscriber (post paid) on or before the 25th of March next. Address: 71-4w E II BARRY Secretary of the Board of Trustees of Franklin Seminary.
